

The image displays three architectural drawings of the ground floor (Planta Baixa) of a house, labeled 'VISTA', 'CORTE', and 'PLANTA BAIXA'.

- VISTA (Elevation):** Shows a front elevation with a grid of 15 windows (3 rows by 5 columns). Each window is labeled 'VIDRO FIXO'. The elevation is flanked by 'BRISSE HORIZONTAL' (horizontal louvers) on both sides. Vertical dimensions on the right indicate a total height of 360, with individual window heights of 125, 120, and 115.
- CORTE (Section):** A vertical section showing the internal structure and the placement of the horizontal louvers ('BRISSE HORIZONTAL') on the exterior walls. It shows a sloped roofline and a curved internal wall.
- PLANTA BAIXA (Ground Floor Plan):** Shows the layout of the ground floor. It includes a 'PORTA' (door) on the left, a 'COZINHA' (kitchen) area, and a 'SALA' (living room) area. The plan is oriented with 'VISTA' (front) at the top and 'FRENTE ESTRUTURAL' (structural front) at the bottom. Dimensions include a total width of 355 and individual room widths of 71.

The architectural drawings include:

- VISTA (Elevation):** A side elevation of the building. It shows a structure with a total width of 355 units and a total height of 250 units. The facade is divided into five vertical sections, each labeled "VIDRO FIXO" (Fixed Glass). The top section is 105 units wide, and the bottom section is 125 units wide. The height is divided into two equal sections of 125 units each. A dashed line indicates a horizontal brise (BRISSE HORIZONTAL) at the top of the lower section.
- CORTE (Section):** A cross-section of the building. It shows a total width of 355 units and a total height of 250 units. The facade is divided into five vertical sections, each labeled "VIDRO FIXO". The top section is 105 units wide, and the bottom section is 125 units wide. The height is divided into two equal sections of 125 units each. A dashed line indicates a horizontal brise (BRISSE HORIZONTAL) at the top of the lower section.
- PLANTA BAIXA (Ground Floor Plan):** A plan view of the building. It shows a rectangular structure with a total width of 355 units and a total depth of 71 units. The plan is divided into five vertical sections, each labeled "VIDRO FIXO". A dashed line indicates a horizontal brise (BRISSE HORIZONTAL) at the top of the lower section. The plan is labeled "VISTA" and "EXO ESTRUTURAL" (Exterior Structural).

The technical drawing illustrates a window system with the following specifications:

- Vista (Front Elevation):** Shows a 3x5 grid of glass units. The top and bottom rows consist of five fixed glass units (VIDRO FIXO). The middle row features three fixed glass units flanked by two pivot glass units (VIDRO PIVÔ). The total height is 1500 mm, divided into three equal sections of 500 mm. The total width is 3450 mm, divided into five equal sections of 690 mm.
- Corte (Cross-section):** Shows the vertical profile of the window. It includes a fixed glass unit (VIDRO FIXO) and a pivot glass unit (VIDRO PIVÔ) with a pivot mechanism. The total height is 1500 mm, with three sections of 500 mm each. The top and bottom sections are labeled BRISSE HORIZONTAL.
- Planta Baixa (Floor Plan):** Shows the horizontal layout of the window system. The total width is 3450 mm, divided into five equal sections of 690 mm each. The drawing includes a north arrow pointing upwards.
